Books

Dear Parents,

As the end of the year draws to a close, the teachers and I have been discussing children's exercise books. We would like the children to take them home in the last few days of the term to keep as a memento. We feel it is important that your child's learning journey can not only be seen across the school year but also from year to year.

For monitoring and planning purposes, we would like to keep some books in school. If your child's books have been selected, your child and their teacher will let you know. It may only be for one subject e.g. Maths books.

On ClassDojo, your child's class teacher will be asking that children arrive to school next week with a bag ready for the transport of books home. A word of warning - It'll be a heavy load!

Yours sincerely,

Mrs Hannah Beckett
Headteacher
