## Changes to reporting arrangements for 2021

Dear Parents,

With this term being so different and having needed to adapt to respond to the situation we find ourselves in, we do not believe a mid-year report would be accurate or helpful for parents at this time.

We had planned to report formally to you in March with a parents evening to follow. However, with the majority of our children learning from home, it will be more beneficial to maintain the feedback process currently in place via ClassDojo. This means of course that the submission of work is even more important to ensure teachers have as much information as possible with which to provide accurate feedback to you and your children.

We will still hold a virtual parents evening to maintain our contact with you, bringing this forward to the week commencing 22<sup>nd</sup> February. This will be an opportunity to discuss your child's progress to date, behaviour and attitude towards learning across the academic year so far, both in school and with their Remote Education. Parents Evenings play a key role in your child's success at school, allowing parents and teachers to work together in partnership.

An invite to this virtual meeting will be sent out next week and we urge you to make an appointment at the earliest possible stage.

Our written report to you will be postponed until the Summer Term.

Yours sincerely and with best wishes,

Mrs Hannah Beckett  
Headteacher
