Parent Survey 2021

Dear Parents,

It has been a privilege to lead this school for what has been a little over a year now. How time flies!

I am delighted with our recent successes: managing our way through the pandemic whilst still offering a high-quality education for all our pupils; securing an extensive redevelopment of our school building for the next academic year; working closely with families to raise expectations of behaviour and the ongoing work on our broad and memorable curriculum.

It has been one step at a time and sometimes two steps at once! Above all, it has been so exciting to get to know the children and families of Nightingale Primary, and work in this remarkable community.

As part of our ongoing evaluation, please could you follow the link below and help us be the best we can be, by completing this online survey. This evaluation process will ensure that we are able to meet the needs of all our children and help them to achieve the very best in their academic, emotional and social development. I value your input in this.

The form can be accessed by clicking [here](#).

Yours sincerely,

Mrs Hannah Beckett
Headteacher
