Planetarium Show

Dear parents/guardians,

As you may be aware, last term we started light and space as our focus in Science. This Science topic is continuing into this term and we would normally have had a visit to the Science Centre in Winchester; unfortunately, the pandemic has hampered our learning journey somewhat!

However, we are now delighted to let you know that we have organised for each of the Year 5 classes to have their own Planetarium show from the Royal Observatory via Zoom! Each show will be followed by a question and answer session with the staff from the Observatory. There will also be follow up tasks to extend the learning.

These will all occur on Thursday 28th January. Each class has their own session to join from home, those children in school will also be able to join from a separate classroom. The sessions are as follows:

Starling Class: Thursday 28th January at 11:30am:

Webinar ID: 935 3188 6160

Passcode: 296729

We have also attached the Observatory's Zoom Guidelines. Please note that these will be adhered to strictly.

Any questions, please do not hesitate to contact a member of the team.

Yours sincerely,

Year 5 Team
