NPS is supporting Safer Internet Day 2022

Dear Parents,

NPS is joining the global Safer Internet Day campaign to promote the safe and responsible use of technology. Coordinated in the UK by the UK Safer Internet Centre, Safer Internet Day will take place on **Tuesday 8th February 2022** with the theme 'All fun and games? Exploring respect and relationships online'.

Safer Internet Day is a truly collaborative campaign where we will put on a variety of activities to equip our children with the skills they need to have a safe and positive time online.

To celebrate the day, we will be holding assemblies, watching film clips and creating resources to use in school to promote safe use of the internet.

NPS will be part of a nationwide day of action involving the #SID2022 social media campaign and youth events where young people will have the opportunity to have their say about the digital issues that affect them.

Will Gardner, Director of the UK Safer Internet Centre and CEO of Childnet, said:

"Safer Internet Day is an opportunity for everyone across the UK and globally to unite for a better internet. Whether you are a young person, parent, carer, school or organisation, we can all 'be the change' and take positive actions to make the internet a better place. Hundreds of schools and organisations have pledged their support for Safer Internet Day and it is this collaboration that helps ensure Safer Internet Day has such a positive impact, reaching 40% of UK children in 2021 and growing year on year."

Find out more and get involved at [Home - Safer Internet Day](#)

Please do take the time on Tuesday 8th February to ask your child what they have learnt and continue to promote safe use of the internet at home.

We also have some training for parents! To support and help you to identify the risks involved in the use of certain apps and games, we have subscribed to a range of parent videos produced by eSafety Advisor, Alan Mackenzie. Alan runs a company called SafeICT Consultancy Ltd and produces the #Ditto magazine that is available on our [website](#). The first of these videos will be shared with you by letter on **Monday 7th February** and then each subsequent Monday – there are 7 in total. Alan recommends watching them in the order in which they are sent and also suggests saving the email so you can refer back to them in the future. He would also welcome some feedback so please do let us know what you think of them.

Hampshire
County Council

Yours sincerely,

Mrs Hannah Beckett
